Features

Automatic tip-over switch: The heater will be shut off automatically when the heater is knocked over.

Battery cover:

This heater is equipped with a cover for the batteries.

High efficiency: This heater has a 99.99% heat efficiency with infrared radiation heating.

No installation: This heater can be installed without wires and without exhaust pipes. This makes it a very convenient heating source.

Safe top: This heater is equipped with a safe top. The temperature of the top plate is kept relatively low for improved safety.

Safety stop:

This heater is equipped with a shut-off safety switch. By pressing this switch the heater will be shut off immediately.

Tank removal safety system:

This heater is equipped with a safety system that will shut off the heater in the event that the fuel tanks is removed.

Wick-stop:

The wick stop mechanism of this heater limits the flame height adjustment. This ensures a clean combustion.
